Overview

'Concerts Trip' is the perfect application to help you plan a customized music-tour, based on your preferences.

In 'Concerts Trip' you can select when (dates), where (city/country/continent), what (genres) will be your next musical adventure.

You can be strict or flexible with either of those terms, plus - you can select who you 'Must see' in your dream-trip!

As we know it might be overwhelming at first, we decided to give you some recommendations, just to help you get started. If you want, you are welcome to review them on our home-page.

Once you put in your preferences, we will display the best-matching shows for you. You can then select which concerts will qualify to your exclusive-tour. We will summarize all the details you need to know, including links to buy tickets.

Home-page

The image shows the home page of the 'Concerts Trip' application. The title 'Concerts Trip' is prominently displayed at the top, with the tagline 'The best place for organizing your next musical trip' underneath. Below this, a section titled 'Get recommendations for locations based on:' offers three selection options: 'Number of Shows', 'Performing Artists' Followers', and 'Genre'. The main form area is divided into four numbered steps: 1. Trip Dates (with a date range of 27/01/20 - 25/01/20 and a checkbox for 'I always want to travel'), 2. Genres (You can pick up to 3), 3. Locations (You can pick up to 5), and 4. Must See Artists (You can pick up to 3) with an option to 'Include warm-up shows'. A 'Submit' button is located at the bottom right of the form. A red banner with white text 'Please select a genre and location to proceed' is positioned below the form fields. The background features a vibrant, abstract illustration of a crowd of people at a concert, rendered in shades of red, orange, and yellow.

First, you can get recommendations on 'what's hot' in different locations, based on Number of shows / Performing Artists' Followers / Genre.

Clicking on any of them will pop-up a window with suggestions for you, if you need some ideas of what to look for.

Then, you are welcome to insert details through the next stages:

1. **Trip Dates** - select a range of dates which you want the trip to be in.

The image displays the 'Trip Dates' selection interface. It features a calendar view for January and February 2020. The date range '27/01/20 - 27/01/20' is shown at the top. At the bottom, there is a date range '03/02/20 - 19/02/20' and two buttons: 'Cancel' and 'Apply'.

If you are not limited with time you can also select the '*I always want to travel*' checkbox. Only once you've selected a date (or checkbox) you can move to the next step.
